Subject	power BI

Yo....I saw the dashboard in the background.

These are the deals I'm working:

- 1) Large Bakken deal - Billy Bakken - 37k acres.
- 2) Small Bakken deal - Paul Mountrail.
- 3) Buchanan Howard County release - 849 nma - Endeavor.
- 4) Howard County mailout.

5) Various small acreage positions in Stack and Scoop - Paul, David Adams and The Bearded Brothers.

In my estimation at this time, I think you may be able to help me with 1 and 3.

On 1, once I get a contract on it and need to solicit buyers, I will need mapping, etc... ***I can then do a contract with you on a % of my cut if a sale happens.***

On 3, I may need full on expert witness help or just mapping or both. In either case, I will know at some point and will let you know and we would do a similar % of sale price contract.
