[THIS IS A DRAFT DOCUMENT, BUT THAT I AM SHARING TO YOU NOW IN THE INTEREST OF TIME. I WILL BE AMENDING AND KEEPING YOU POSTED. THANK YOU IN ADVANCE. LANCE MASON]

Above is the video that I was provided, corresponding to the blue portions of this timeline below. I believe that there is sufficient evidence contained in these to charge Poppell, Johnson, and Collier with evidence tampering and official misconduct. Compare the video to the supplemental reports.

Ms. Senich does not appear willing to ask for the complete bodycam audit logs for all officers involved. Since the SAO cannot speak to me if represented, Ms. Senich (forced representation) is given a veto that has the effect of obstructing justice I believe. I am asking for them in the interim and Ms. Senich can account for her decisions later. I intend to publish our communications and with the prior attorneys and will waive the attorney-client privilege as a result.

FSU Incident 2010-0044, October 9,2020, 9:16 a.m. to 11:31 a.m.

Ms. Senich did provide CAD notes, though 9 minutes are omitted since there was a CAD call at 0916.

09:27:23 10/09/2020 - C Gilmer - From: C Poppell
FL/NRFU17 bottom floor broken windows and rummaged through
10:18:18 10/09/2020 - C Gilmer - From: C Poppell
winchester 12 gauge shot gun serl # L3511614
10:18:29 10/09/2020 - C Gilmer
listed as not stolen
10:40:42 10/09/2020 - R Harbin
FL DL M250535703610

There are additional communications between Poppell and an unnamed corporal in command, as well as communications with the Lynn Haven Police Department.

I would like the audit logs on every officer as well as the phone being used in the video to speak with command.

I would like to see the reciprocal discovery we provided to SAO and when that occurred, as well as the witness list we have provided as I feel certain it remains incomplete.

I have provided to Ms. Senich the audio of an assault and strong armed robbery, concerning this very case. I have provided it before to my prior attorneys and none has commented so I assume it is OK to put that in evidence.

Now, the same parties have been able to avoid the questions about this case and have filed a similarly deficient case against me for stalking. The charging document seems thin since

- 1) Nowhere mentioned is that it is the same address on my driver license.
- 2) I am not a random stalker but the son and it is a family argument
- 3) That I was sent emails before and after the stalking incident demanding that I report to the same address by a date certain.
- 4) That it is an anomaly when an alleged stalker is summoned over to the victim's house after the crime
- 5) That there was a two week interval between the reported crime and its filing, during which time the fb messenger account was not blocked
- 6) That I had been the victim of domestic violence in the same house, but that I had refused to sign the waiver presented by the LHPD

A common feature among these cases is the appearance of my uncle who i see about twice in a decade, but now appears suddenly in a series of very unusual criminal cases involving me. He notified me of the other case and sent the same email my mother sent two weeks before trying to get me to go over there.

My mother has no problem laying into her brother for the slightest infraction, but did not utter a peep when he tried to have me jailed in yet another incident in Pensacola.

<https://youtu.be/YEtU-OWmFY4>

This is my mother after I spent almost a week on the streets of Tallahassee after having my car stolen from me in the above video.

https://youtu.be/J8dHkw_0AvU

The elephant in the room is that I developed the software in this video and it has been stolen and then concealed.

As I say in this video, put me in front of an FBI agent and compare that to my opponents who will not.

<https://youtu.be/fMACrnflgr0>

On October 9, 2020 at approximately 9:30 AM, I was conducting proactive patrol of Call Street Parking Garage 4.

During my patrol, I observed a white Nissan Frontier truck, Fl tag# NRUF17 located on the 1st floor with it's rear window busted out. Upon further examination of the vehicle, I observed from the driver side window numerous items in disarray throughout the truck consistent with a stolen vehicle. I also observed a pill bottle with name Steve Dawson on it in the rear passenger seat of the truck. I was able to locate in FSU student files a Steve Dawson. I contacted Dawson via telephone, to which he stated he has not been in the area for approximately three years. Dawson stated he is located in the Miami Fl area and has no affiliation with this vehicle at all. Dawson appeared to be truthful in his statement. While speaking with Dawson, Officer A. Johnson observed a Winchester 12 gauge shotgun, serial # L3511614 in the rear floorboard of the truck. I retrieved the shotgun and properly unloaded two buckshot shells from the weapon. I placed the shells and shotgun in the trunk of patrol vehicle 3175 for safe keeping. The shotgun was verified through NCIC/ FCIC as not stolen.

I was able to locate the registered owner of the vehicle, Patricia Futrell, via telephone through FSUPD communications by the tag number. I contacted the local police department in Lynn Haven to conduct a welfare check on Futrell. I spoke with Officer Walsh badge# 53. Walsh stated he spoke with Futrell and she would be contacting FSUPD. Futrell contacted me via telephone through FSUPD communications. Futrell stated she gifted the truck to her son, Lance Mason. Futrell said she has not heard from Mason for a long period of time and has no contact information for him. Futrell stated Mason was supposed to register the vehicle in his name but never did due to his drug problems and lack of money. Futrell advised she would be en-route to Tallahassee to remove the vehicle from FSU property since it is still registered in her name and she is the legal owner and liable for the vehicle. Futrell advised she wanted the truck towed to a safe location at her expense until she arrived in Tallahassee. A rotational wrecker (Ability Towing) was contacted per Futrell's request.

During my conversation with Futrell, I observed a white male approaching the Nissan truck. The male identified himself as Lance Mason and provided a Fl drivers license number and date of birth. Mason's identity was verified through FSUPD communications. Mason stated the vehicle belongs to him and he ran out of fuel. Mason stated he left the vehicle parked there overnight until he could return with fuel. Mason was unable to provide any type of documentation to prove the vehicle belonged to him. Mason was persistent on retrieving the title of the vehicle from the glove box. I advised Mason before he entered the vehicle I would need to pat him down for weapons, to which he agreed. Upon completion of the pat down Mason became very irate and claimed he was being setup. Mason refused to enter the vehicle and left the area.

A short time later I spoke with Futrell and advised her of the address where the truck would be towed. I also advised of her of the shotgun found in the floorboard. Futrell stated she would retrieve the shotgun as well upon her arrival to FSUPD.

Incident Number	2010-0052	Name	J Collier
Sequence Number	2	Date	12:25:25 11/02/20
Narrative (See below)			

Narrative:

On 11/02/20 I was contacted by FSU Police Communications Officer D. Harbin. PCO Harbin advised that Lance Mason had called the FSU Police Department requesting to report his vehicle stolen. Mason's vehicle was towed at the request of the registered owner Patricia Futrell on 10/09/20. This is the same date Mason was issued a trespass warning for Florida State University Property. PCO Harbin stated he advised Mason that he could not report the vehicle stolen as he was not the registered owner. PCO Harbin advised Mason had called three(3) times and during the third phone call requested to speak with a supervisor. Also during the phone calls with PCO Harbin, Mason informed him that he was recording the conversation and it would be posted to his YouTube channel. PCO Harbin informed me and provided a phone number 850-819-8817. At this time neither PCO Harbin or myself was aware that Mason is violating his Leon County Pretrial Release order issued by Judge Hobbs on 10/10/20.

I called Mason at the provided phone number 850-819-8817, and he did inform me that he was recording our conversation. Mason stated that he wanted to report, the vehicle stolen. I informed him the vehicle was towed at the request of the vehicle owner. He proceeded to begin to discuss a reported title which was allegedly in the glove box of the vehicle. I informed Mason that he would need to file a civil lawsuit against his mother to determine ownership of the vehicle, but at this time he failed to complete the transfer of vehicle ownership. Mason began discussing his property that was impounded at the FSU Police Department. Mason indicated that he was advised his property could not be located when he inquired previously. I advised Mason that he would need to contact FSU Property and Evidence to arrange the return of his property. After approximately 15 minutes of debate and argumentative discussion our conversation was ended. Mason indicated the conversation would be posted to his Social Media account.

Upon researching the location of Mason's property I discovered that he has been violating the Pretrial Release order issued by Judge Hobbs in Case Number 2020MM1732A1. I spoke with FSU Property and Evidence Custodian B. Woodaz. Woodaz stated she had been receiving phone calls from an acquaintance of Mason regarding return of his property. Woodaz indicated she was provided an email address for Mason and sent an email on 10/16/20 at 12:07 PM with instructions on how to retrieve his property. Mason responded at 1:44PM from the email address "turncoatenergy@gmail.com". The entire email thread is attached to this report. Mason's reply is included below.

Mr. Mason,

I have reviewed the video footage, however I have since switched computers. The State is re-sending the footage over so I can download and save the footage. I understand this is a frustrating process, but please know that I am working on your case even if I have no current updates for you. I had a cancellation, so I am free for a phone appointment on January 8th at 11am. Please let me know if you are available so we can review and discuss your case. If you have any questions that I can answer over email, I would be more than happy to do so.

Ms. Brooker

switching computers does not seem like something unforeseeable or unusual. for it to cause you to lose the critical evidence I've been asking for for 3 months, when you can just forward the email they sent you, does not make me more comfortable. Sergeant Collier was Johnny on the spot in getting my pre-trial violated he hoped, for doing something like trying to get my property back or the body cam video at issue. I believe that there are serious violations and this is going to the FBI just as soon as I can get it to them.

I do not want to give them another opportunity to whitewash it as my civil rights are horse traded away. I want to see the original email that the links to dropbox were provided to you. that should be independent of whoever has your old computer as it's just your email inbox

as an aside I'm curious who had your old computer and how come you didn't just get it off of that one but I digress.

and just to be clear I'm not talking about only the second incident I'm talking about the entire first and second incident from the begin time to the end time of the report. the first incident was 2 hours and 15 minutes and there were five officers. I have about 15 minutes or so on that one and zero on the second incident. let's just avoid the round trip if they didn't provide that so that we don't have to come back and ask me again and add a week. my mom is trying to starve me out I don't know if you heard the video of them assaulting me just after I mentioned that it was curious that her brother was trying to get me arrested and she didn't so much as utter a peep. you probably don't know that the bar has disappeared a case number that was written in my grandmother's handwriting. these are the kind of things that I already know and that are a waste of time for me to tell you and hope you can interpret them the way that I want or that you might not be as aggressive as i can in noting civil rights violations and a nightmare for Florida State administration and their alumni program.

also something I've been asking is does the administration have anything to say on the record about this? I would like to know the name of that person and their statement.

I do not need to schedule a conference with you sometime out in the future because I'm taking the case over temporarily at least. we can't have a review as to what has been done so that we don't have a duplication but I think it's far more effective if I am directing the questions without the filter and the delay and the need to work together in the future that I don't have with them. I

Are there no audit logs that show when files are deleted and by whom?

I have more than a dozen emails in which I am asking for this, and I have some of the video for your records.

Thanks in advance

Lance Mason

This is partial and I will be amending as I wait for an answer on the audit logs.

Thank you for your patience as I provide information that I believe could have been withheld from the state.
