Hi Patricia

I'm not sure if Angela Senich has asked for the audit logs and I haven't heard from her in a while. Were we making some progress on that? It's been 8 days and I haven't heard back yet

Also with the cad notes that Angela gave me, they left off the first 15 minutes and I found out from lynnhaven that it was the Florida highway patrol that initiated the call.

I've got a cousin that's in the FHP and I didn't see them mentioned anywhere in the report. so I was wondering if there were other communications with the Florida highway patrol regarding my case?

Thanks !
Lance

Hi Patti,

Can I add all the written reports with the timestamps indicating when they were last modified?

Thanks for your help. You can respond as they come available instead of waiting until it is complete.

I really appreciate it.

Thank you for your fast response.

Here is the report. I would like to get the audit logs for the bwc for all officers involved for these incidents.

Also, the originating call at 0916, who did that come from?

Poppel was using a cell phone to communicate with a corporal during the incident, so his phone records on that from a few minutes before and after the incident.

Any emergency and non emergency calls. Had the car been reported stolen?

All communications with dispatch, with Lynn Haven Police, just before and after the morning incident.

Thank you so much.
