Supplement Officer: C Kistner

On Friday, October 9, 2020, at approximately 10:24 PM, I was sitting stationary adjacent to Cawthon Hall in my marked agency patrol vehicle observing the area of Landis Green located on Florida State University main campus in Tallahassee, Leon County, Florida.

While observing student activity in the area, I observed a white male wearing no shirt, blue jeans, no shoes, and carrying a tan in color backpack walking across Landis Green. I later identified this subject as the defendant Lance Mason. Mason stated he is an FSU alumnus, but currently has no affiliation with FSU. I confirmed Mason's identity by viewing a driver license photograph of Mason through ELVIS. Mason was walking towards my position from the northwest corner of Landis Green.

Upon seeing my patrol vehicle parked in the area, I observed Mason stop walking, turn around, and begin to walk in the opposite direction back towards the northwest corner of Landis Green. I continued to observe Mason from my patrol vehicle. As I was watching Mason's actions, I observed him walk around the vegetated area located in the northwest corner on Landis Green, turn and walk towards FSU's Montgomery Hall, then turn and walk back onto Landis Green. Once back on Landis Green, Mason began to walk towards the Landis Green fountain where a group of students were located. At the time, I believed Mason to be lost and may be in need of directions.

I exited my patrol vehicle and conducted a consensual contact with Mason to determine if he needed assistance navigating campus. I asked Mason if he was lost. Mason stated he was not lost and was in the area to pick up his shoes he had taken off his feet prior to our encounter. I then asked Mason where he was going. Mason stated, "what does it matter?" I asked Mason if he was a student, to which he advised he was not. I asked Mason if he could provide me with an I.D. of any kind. Mason advised he did not have an I.D. on him, but verbally provided me with his name and date of birth. I ran Mason's information through FSUPD Communications. As I awaited FSUPD Communications to provide me with information related to Mason, Mason asked if he could retrieve his cell phone. Mason stated he left his cell phone charging in the courtyard area of Rovetta B. I walked with Mason to Rovetta B where he retrieved his cell phone and a Dell laptop computer. Both devices were plugged into an outside power outlet on the west side of Rovetta B.

While Mason was gathering his cell phone and laptop computer, FSUPD Communications advised me Mason was recently trespassed from FSU main campus earlier on Friday, October 9, 2020 by FSUPD Officer Poppell in reference to case number 2010-0044. I asked Mason if he was on FSU campus earlier in the day. Mason advised he was on campus earlier and acknowledged he received a trespass warning from FSUPD officers. After learning this information, I secured Mason in double locked handcuffs behind his back and placed him under arrest for violating Florida Statute 810.09 (2) (A): Trespassing Property not Structure or Conveyance.

Mason was escorted to vehicle #3174. Mason was seat belted and secured in the caged rear portion of vehicle #3174. FSUPD Officer Hedges transported Mason from the area of Collegiate Loop and Landis Green to the FSU Police Department. After Officer Hedges removed Mason from the vehicle and secured him in FSUPD booking, I arrived at FSUPD headquarters and took custody of Mason. Officer Hedges disinfected vehicle #3174.

After completing the appropriate arrest paperwork, I placed Mason in the rear caged portion of vehicle #3173 and seat belted him in. I then transported Mason

in vehicle #3173 from FSUPD headquarters to the Leon County Detention Facility without incident. During the intake process at the Leon County Detention Facility, Mason advised Leon County Detention Facility staff he was experiencing COVID-19 symptoms and may be positive for COVID-19. Upon returning to FSUPD headquarters, I disinfected vehicle #3173.

Mason's tan in color backpack and its contents were transported back to FSUPD headquarters. The backpack and its contents were inventoried and secured in evidence locker #11 for safekeeping. A property receipt was completed. An e-mail was sent to FSUPD Property and Evidence Technician Woodaz to inform the FSUPD Evidence section of the possible COVID-19 exposure hazard when handling Mason's property.

This interaction was captured on my department issued body worn Coban camera.
