The CAD sheet that I sent you is all I have for that case number. There was no report written, You will need to contact FHP or FSU for more information. Also there were no further calls to that address.

This will be my final and I am so sorry for the burst of 5 emails, but I am new to this and will be much quicker next time. I should be asking for the CASE, not the address. There could have been communications between LHPD and FHP and FSU that would not be included in a search for ADDRESS.

Sorry, and thank you

I am sorry to be a pest.

Can I broaden that out to anyone at 3304 CC Drive? Harry is equally important.

Thanks

Thank you for that.

Is there by chance a recording of that incoming call or anymore information about it? It says fhp-PAT FUTRELL. Pat Futrell is my mother and she is not in the Florida Highway Patrol.

Thanks again for your help
